WHO WE ARE

SCHOOLS

COUNSELING UNIVERSITY

ABOUT

- **MUTUAL COMMITMENT**
(we can all learn & teach)
- **JOINT VENTURE**
(active participation of children in the learning process)
- **SHARED REPERTOIRE**
(experiences that make up a collective identity)

OUR MISSION

- To implement **educational processes** that respect **children's rights** and listen to **their voices**.
- To be an "**utopian aperture**" in a too immobile educational system, that blocks change and discovery.
