### PREREQUISITES AND RECOMMENDATIONS

#### Prerequisites established in the study plan

None

#### Recommendations

A good level of linguistic and communicative abilities is essential to pass the subject. Failure to prepare spoken and written pieces of work may have a negative impact on the final grade. This subject-matter requires constant work by the student. It is recommended for the Bilingual Group to have an English level equivalent to B1. An attitude of respect between men and women will be taken into account, both in written texts and behavior in the classroom and with the rest of the university community. Likewise, the equality of social rights and values that favor coexistence and culture of peace will be promoted

### INTENDED LEARNING OUTCOMES

- CM7.1 To place the nursery school in the Spanish educational system, and in a European and international context.
- CM7.2 To learn about international experiences and examples of innovative practices in Early Childhood Education.
- CM7.3 To value the importance of teamwork.
- CM7.4 To participate in the development and monitoring of Childhood Education educational projects within a centralised framework and in collaboration with the local region and with other professionals and social agents.
- CM7.5 To know the legislation that regulates nursery schools and their organisation.
- CM7.6 To value the personal relationship with each student and their family as a feature of quality in education.

## COURSE DESCRIPTION

### OBJECTIVES

1. To know the foundations of Child Education.
2. To analyse the teaching practice and the institutional conditions that frame it.
3. To know the historic evolution of the Education System in our country and the political, ideological determinants of the educational activity.
4. To promote cooperative work and individual work and endeavour.

### CONTENT

#### 1. Theory contents

- Unit 1. The teaching profession.
- Unit 2. Theory of education.
- Unit 3. Contemporary theories of education.
- Unit 4. Contemporary evolution of educational systems.
- Unit 5. Current society and European context: trends in theories and institutional practices.

#### 2. Practical contents

The previous contents have a theoretical and practical character.

### SUSTAINABLE DEVELOPMENT GOALS RELATED TO THE CONTENT

- Quality education
- Gender equality
- Peace, justice and strong institutions

### METHODOLOGY

#### General clarifications on the methodology (optional)

Students who are unable to participate in at least 80% of the face-to-face activities must notify this at the beginning of the course and will have to carry out a theoretical-practical work supervised by the teaching staff of the subject.

Likewise, students will be advised in tutorials whenever they need guidance in relation to the study of the materials linked to the subject of the different thematic blocks.

#### Methodological adaptations for part-time students and students with disabilities and special educational needs

1. Students enrolled part-time must notify the teacher responsible for the subject at the beginning of the course, so that the monitoring mechanisms deemed appropriate can be established.
2. The methodological strategies will be adapted according to the characteristics of students with disabilities and special educational needs in the cases that are required, in accordance with the Regulations to facilitate the incorporation and integration of personnel with disabilities at the University of Córdoba.
