General clarifications on instruments for evaluation:

Those students who have participated in assessment activities other than the final exam whose accumulated weight towards the final grade exceeds 50%, but has not attended the final exam in the course, the teacher will record "NO PRESENTADO" in the provisional publication of the grades.

If during the review process a student does not express his disagreement with this grade, it will be confirmed as the final grade for the course. Otherwise, the student must notify the professor, and his final grade will be based on the weighted sum of all scores achieved in all assessment mechanisms completed, according to the criteria established in this addendum.
